

Remember to:

1. Check for injuries. Call 9-1-1 for medical attention if needed.
2. Move vehicles to side of the road, turn off the ignition, and turn on hazard lights.
3. Exchange information with anyone involved in the accident and record contact information for witnesses.
4. Assess the damage to the vehicles involved. Check for fluid leaks, brakes, steering, tires and look for indicator lights.
5. Call a tow truck if needed.*
6. Document and take pictures of the accident.
7. Contact the police to file an accident report.
8. Report the claim to your insurance company.
